

# Profit Bandit

## Make Money with Your Phone

"I had other apps but none came close to Profit Bandit. You created a job for me when I lost mine. When my luck was down, Profit Bandit helped me to provide for my family. I am forever grateful."

-Crystal

1. Activates camera for scanning.

2. Tap to view product image. **Note: Not that useful since we only have access to small images now.**

3. Tap a specific sell price to update your Profit Calculation (6).

4. Manually adjust your buy price (item cost or desired selling price).

5. Tap these icons to view Buy List, Bluetooth Add-on, Scan History, Settings (Left to Right)

The screenshot shows the Amazon Seller app interface. At the top, there's a status bar with AT&T, signal strength, time (10:16 AM), and battery (64%). Below the status bar is a navigation bar with a 'Scan' button (with a barcode icon) and a search bar labeled 'Enter keywords or barcode'. The main content area displays the product 'Lonely Planet Costa Rica (Country Travel Guide)' with a category of 'Book'. Below the product name is a small image of a parrot. To the right of the image, the 'List Price' is \$21.99, and there are three price ranges: '63 new' from \$17.07, '35 used' from \$13.30, and '0 collect.' from N/A. A yellow box shows the 'Rank: 54,655' and '1.06 lbs.' weight. Below this is a 'Sell It' button. A table shows various sell price options with their corresponding profit calculations. At the bottom, there's a 'Buy \$' and 'Sell \$' input area with a '0.00' value, and a large green 'Profit: \$8.00' display. Below the profit display are four icons: a list, a puzzle piece, a clock, and a person, followed by buttons for 'New', 'Used', and 'Collect'.

FBA	63 New	35 Used	0 Collect.
\$12.16 (A)	\$17.07	\$13.30 (G)	
\$12.25 (G)	\$17.07	\$14.29 (G)	
\$12.33 (VG)	\$17.72	\$15.57 (A)	
\$13.76 (N)	\$17.74	\$16.09 (VG)	
	\$20.13	\$16.81 (VG)	

11. Manually enter a barcode or search terms.

10. Tap for special features (eBay, PriceGrabber, CamelCamelCamel, etc.)

9. Tap to view the item's Amazon Product Page.

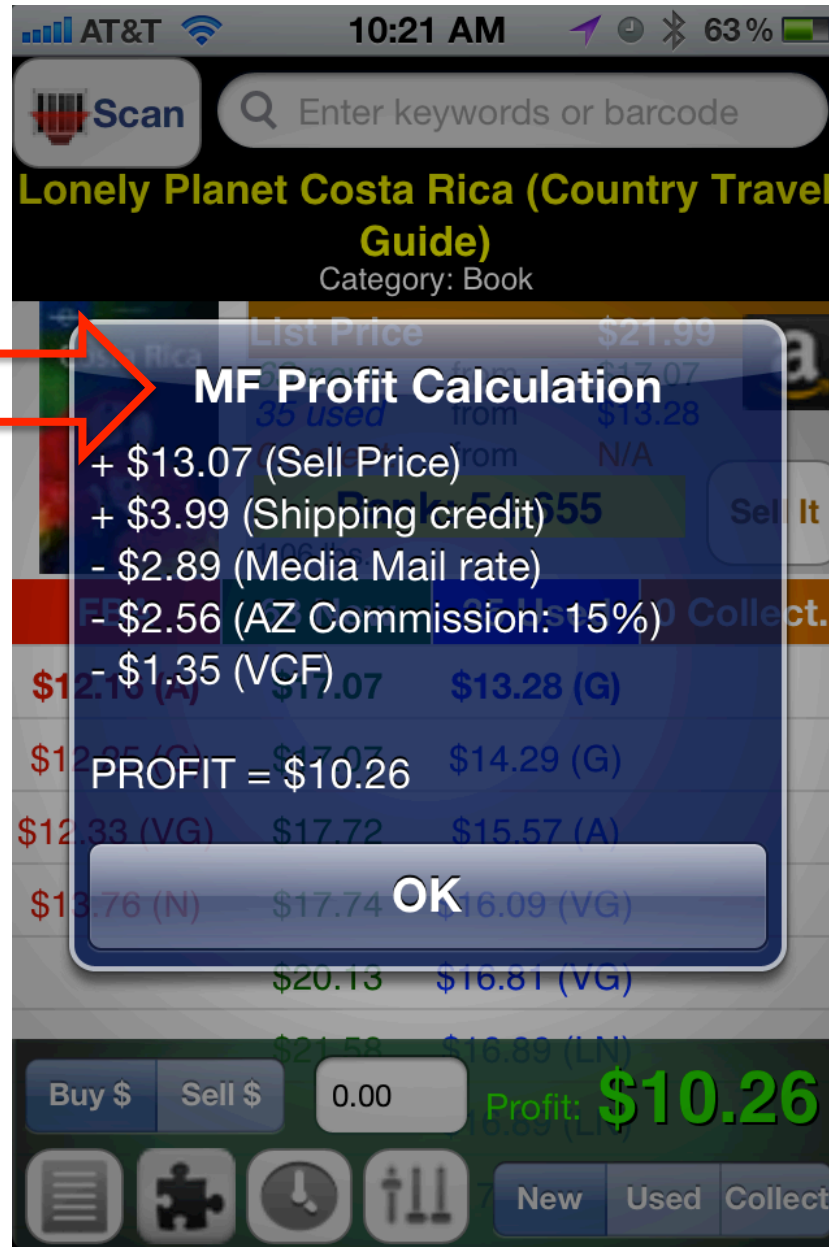

8. Tap to be taken to Amazon to sell your item. You will be asked to sign in. Can also be used to add item to Buy List with quantity and location (adjust in Settings).

7. Your Profit. Tap to see the full calculation. Can be displayed in \$ or % (adjusted in settings).

6. Tap to adjust your sell price based on item condition

1. Merchant Fulfilled Profit Calculation includes Selling Price, Shipping Credit, Media Mail Rate (adjustable in Settings), commission and VCF. Can also include \$.99 fixed listing fee.

**Note: Sell Price defaults to \$.01 below the lowest price in the condition selected.**

1. FBA Profit  
Calculation includes  
Selling Price, Pick  
and Pack, Oversize  
(if applicable),  
inbound shipping  
(adjustable in  
Settings),  
commission and  
VCF.

**Note: Sell Price  
defaults to \$.01  
below the lowest  
price in the  
condition selected.**

The screenshot shows an Amazon Seller app interface. At the top, the status bar displays 'AT&T', signal strength, Wi-Fi, time '10:21 AM', location, and battery '63%'. Below the status bar is a 'Scan' button with a barcode icon and a search bar with the placeholder 'Enter keywords or barcode'. The main product listing is for 'Lonely Planet Costa Rica (Country Travel Guide)' with the category 'Book'. A semi-transparent blue overlay titled 'FBA Profit Calculation' is centered on the screen. A red arrow points from the text '1. FBA Profit Calculation includes...' to the 'FBA Profit Calculation' title. The overlay lists the following items:

- + \$13.75 (Sell Price)
- \$1.00 (FBA Pick & Pack)
- \$0.74 (FBA Weight)
- \$0.32 (Inbound Shipping)
- \$0.01 (30-day Storage Fee)
- \$2.06 (AZ Commission: 15%)
- \$1.35 (VCF)

Below the list, it states 'PROFIT = \$8.00'. At the bottom of the overlay is an 'OK' button. In the background, a table of product prices is visible, with columns for 'Buy \$', 'Sell \$', and 'Profit:'. The 'Profit:' column shows '\$8.00' in green. At the bottom of the app, there are buttons for 'Buy \$', 'Sell \$', and a '0.00' input field, followed by 'New', 'Used', and 'Collect' buttons.

1. Tap to return to scanning view

2. Tap to add the item currently on the scanning view to the Buy List.

3. Email the Buy List as a CSV with columns for ASIN/UPC, Title, Author, Category, Condition, Buy Price.

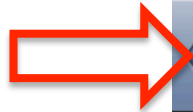

**Note: iPhone must have a mail account enabled.**

5. Tap to review the details of a particular item or to remove that item from the Buy List.

4. Tap to clear the contents of the Buy List.

1. Tap to return to scanning view

## Bluetooth Scanner Plugin

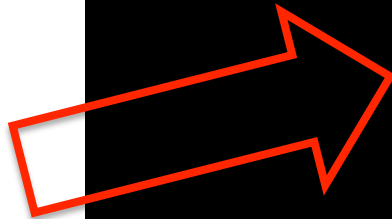

- Supports most bluetooth scanners
- Scout faster
- Scout like the pros

\$49 one-time fee

Activate

2. Tap to purchase the Bluetooth plug-in.

1. Tap to return to scanning view

5. Tap to review the details of a particular item in the History.

3. Email the History as a CSV with columns for ASIN/UPC, Title, Author, Category, Condition, Buy Price, Location and Quantity. **Note: iPhone must have a mail account enabled.**

4. Tap to clear the contents of the History.

1. Tap to return to scanning view

2. Tap to set Amazon Marketplace.

3. Tap to use media mail rates when calculating MF profit. If off, Parcel Post rates can be used or no shipping rate can be used in Profit Calculation.

4. Tap to include/exclude \$.99 closing fee from Profit Calculation.

5. Tap to set to calculate profit as either FBA or MF seller.

11. Tap to use Pic2Shop scanning app. You have to install this free app.

10. Tap to use the Sell It button to add items to Buy List.

9. Tap to toggle between displaying Total Profit (\$) or Margin (%).

8. Tap to enter SellerID manually if needed. **Note: Should be left blank before authorizing MWS.**

7. Tap to use lowest FBA price for Selling Price.

6. Tap to set your FBA inbound shipping costs.

The screenshot shows the 'Settings' app interface for an Amazon seller. The top status bar displays 'AT&T', signal strength, time '11:34 AM', and battery level '39%'. The app has a blue header with a 'Back' button and the title 'Settings'. The main content is divided into sections: 'General', 'FBA', and 'Seller Information'. In the 'General' section, there are buttons for 'Amazon Location' (US, UK, Canada, France, Germany), 'Media Mail' (On, Off), 'Pro Merchant' (Yes, No), 'Scanner App Choice' (ZBar, Pic2Shop), a toggle for '"Sell It" Button Adds to Buy List' (OFF), and a toggle for 'Profit Display Type' (Total Profit, Margin %). Below this is a text field for 'Amazon Seller Id' which is currently blank. The 'FBA' section includes 'Seller Type' (FBA, MFN), 'Sell Price based on FBA' (Yes, No), and an 'Inbound Shipping Rate' input field set to '30' cents/lb. The 'Seller Information' section is partially visible at the bottom. Red arrows point from numbered instructions to specific UI elements: 1 to the Back button, 2 to the Amazon Location buttons, 3 to the Media Mail toggle, 4 to the Profit Display Type toggle, 5 to the Seller Type buttons, 6 to the Inbound Shipping Rate input, 7 to the Sell Price based on FBA toggle, 8 to the Amazon Seller Id text field, 9 to the Profit Display Type toggle, 10 to the '"Sell It" Button Adds to Buy List' toggle, 11 to the Pic2Shop button.

1. Tap to return to scanning view

2. Tap to scan by shaking the iPhone

3. Set an alert for when a scanned item's Sales Rank is below a threshold

The screenshot shows the Settings app interface with the following sections and settings:

- Settings** (Title Bar)
- Seller Information** (Section Header)
  - Show Sellers: Yes (selected), No
  - Show Sellers for All Conditions?: Yes (selected), No
- Special Functions** (Section Header)
  - Shake To Scan: On (selected), Off
  - Batch Scan Mode: OFF (toggle)
- Alerts** (Section Header)
  - SalesRank Vibrate Alert: If under 5
  - Profit Vibrate Alert: If over 99.99
- Profit Calculation** (Section Header)
  - Sales Tax Percent: 0.00 %
  - FBA Inbound Shipping Cost: ON (toggle)
  - FBA Storage Fee: ON (toggle)

10. Tap to display selling prices.

9. Tap to show only sellers of your selected condition by default.

8. Toggle batch scanning mode. Batch scanning modes saves all scans to history for later review. Profit Calculations are not displayed for each scan.

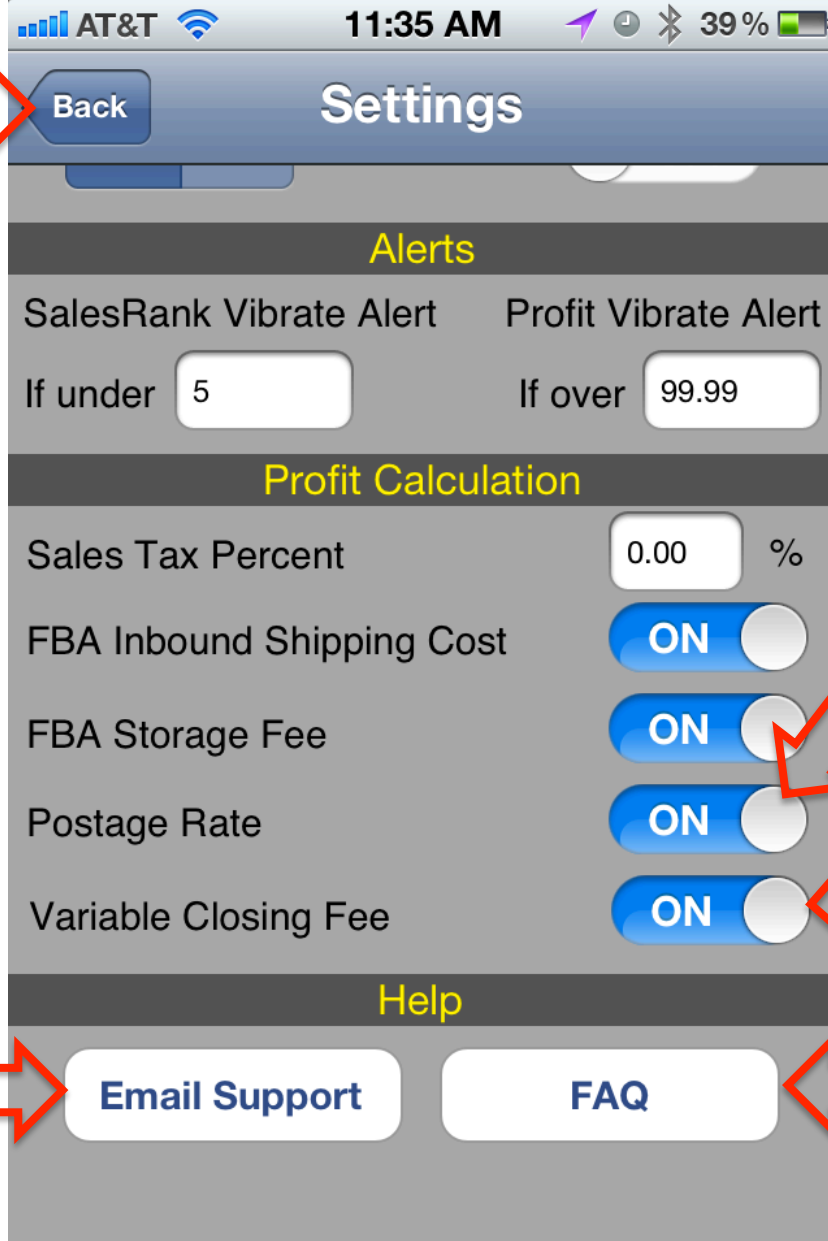

7. Set an alert for when calculated profit exceeds a certain threshold.

6. Tap to include local sales tax to apply to your item cost.

5. Tap to include FBA inbound shipping in Profit Calculation.

4. Tap to include 30-day Amazon FBA storage fee in Profit Calculation.

1. Tap to return to scanning view

1. Tap to email support@profitbanditapp.com

5. Tap to include postage in Profit Calculation. **Note: If Postage Rate is OFF, it will not show any Postage Rate, even if Media Mail is ON**

4. Tap to include VCF in Profit Calculation.

3. Tap to visit the Profit Bandit FAQ.
